

IMMAGINA Practical Workshop “Zoom in into the ribosome: Riboseq and ribo-tRNAseq library preparation” Practical information:

Where

IMMAGINA headquarter: Viale dell’Industria 47 38057 Pergine Valsugana (TN) Italy

When

August 26th – September 3rd, 2024

The workshop is **limited to a few participants** to guarantee the best support from the technical team. Please note that it will take place only after reaching the minimum number of participants.

The **expected outputs** from the workshop are:

- For RiboSeq the sole RiboSeq libraries from your samples. Sequencing and BioIT analysis are not included but can be performed by IMMAGINA prior to separate quotations and agreements.
- For tRNAseq both sequencing and analysis of the generated tRNA libraries are included in the costs

Registration fees include the wet and dry lab training mentioned above, all reagents required for sample processing, in-depth discussions with our technical team and with bio-industry speakers, all lunches, and a social event with the group.

Travel costs and evening meals are not included and will be covered by the participant.

NO visa support letters will be issued until payment of the registration fee and additional costs are confirmed.

Onsite accommodation in our student guesthouse is available free of charge for the first 2 registered academia student participants, while other participants will be hosted in nearby accommodation at a cost.

All the interested candidates need to fill in the online [participant intention form](#), **by the 10th of July 2024**. The acceptance to the IMMAGINA Practical Workshop is confirmed after revision of the submitted material by IMMAGINA’s revision committee. Accepted candidates will be informed via email together with the quotation. The registration fees should be paid only after acceptance on the course. The results will be announced within 2 weeks after the application deadline.

Accommodation: The guest house for the first 2 registered academic student participants is located within the IMMAGINA headquarter, and comprehensive of single bedrooms with private/shared bathrooms and shared common spaces (kitchen and living room). The guest house is located 1 min walk from and to the Workshop facility.

For further information about registration, sample submission form or any other inquiries please send an email to info@immaginabiotech.com with Riboseq gel free workshop as subject.
