

Preliminary Programme

RNA Symposium: From Translatome to Targeted Therapies

Detailed Programme

October 21st

Time	Event	Description
20:00 - late	Opening Dinner at the Innovation cluster at "Progetto Manifattura" Rovereto	The event will start with a welcome dinner, offering the opportunity for an informal meeting Keynote lecture Trentino Sviluppo intro

October 22nd

⌚ Morning - Introductory Session and Scientific Talks

Time	Activity
08:30 - 09:00	Registration
09:00 - 09:30	Opening Remarks – welcome and introduction to programme

Translatome session: The future of tRNA in precision medicine

Time	Type of contribution
9:30 - 9:55	 Scientific talk
9:55 - 10:20	 Scientific talk
10:20 - 10:35	 Industry talk
10:35 - 11:00	 Industry talk
11:00 - 11:15	 Coffee Break

Translatome session: Targeted therapies, translation & clinical impact

Time	Type of contribution
11:15 – 11:40	 Industry talk
11:40 – 12:05	Immagina Talk
12:05 – 12:45	 Panel discussion: What's Next After covid? The Future of RNA based personalized therapies
12:45 – 14:00	 Networking Lunch Break
14:00 – 14:20	 Scientific talk
14:20 – 14:40	 Scientific talk
14:40 – 15:00	 Selected scientific flash talk

Value creation session: from the lab bench to the market

Time	Type of contribution
15:00 – 16:00	 Startup talks
16:00 – 17:30	 Panel discussion: Big Pharma & RNA Startups: Build, Buy or co-create?
17:45 – 18:30	 Networking Aperitif & Poster session
