

## *Immagina Practical Workshop*

# **“Multiplexing it – a Ribo-Seq Multiplexing Workshop”**

## **Practical information**

### **Where**

**Immagina headquarters:** Viale dell'Industria 47 38057 Pergine Valsugana (TN) Italy

### **When**

**August 25- 28, 2025**

This workshop is limited to a small number of participants to ensure dedicated support from our technical team. Please note that the workshop will be held only if the minimum number of participants is reached.

### **Workshop Objective**

Participants will generate a multiplexed Ribolace library from six samples provided by Immagina, including both cell lines and mouse tissues.

### **Registration Fee**

The fee includes:

- Hands-on wet lab training
- All reagents for processing the six samples
- In-depth discussions with our technical team
- Lunches during the workshop
- Social event

*Please note:* Travel, accommodation, and evening meals are not included and must be arranged and covered by the participant.

### How to apply

**All interested candidates must complete the [online participant intention form](#) by June 30, 2025.** Accepted participants will be notified via email and will receive a quotation. Registration fees must be paid only after acceptance into the course.

*Visa support letters will be issued only after payment of the registration fee and any additional applicable costs is confirmed.*

### Need More Information?
